

Her Gemiye Binen, Kaptan Olmaz!

Cahil hayvandır. Hekim olur, insan olmaz! Her hoca, hoca olmaz!
İlim insanları Hakim olur, adam Her öten, horoz olmaz!
hayvanlıktan kurtarır. olmaz! Her anıran, eşek olmaz!
İnsanlar âlemi, Her kadın hanım olmaz! Her ayı oynamaz! Ve

mimar olur, insan Her çan çalan,

Not Everyone Who Boards a Ship Is a Captain!

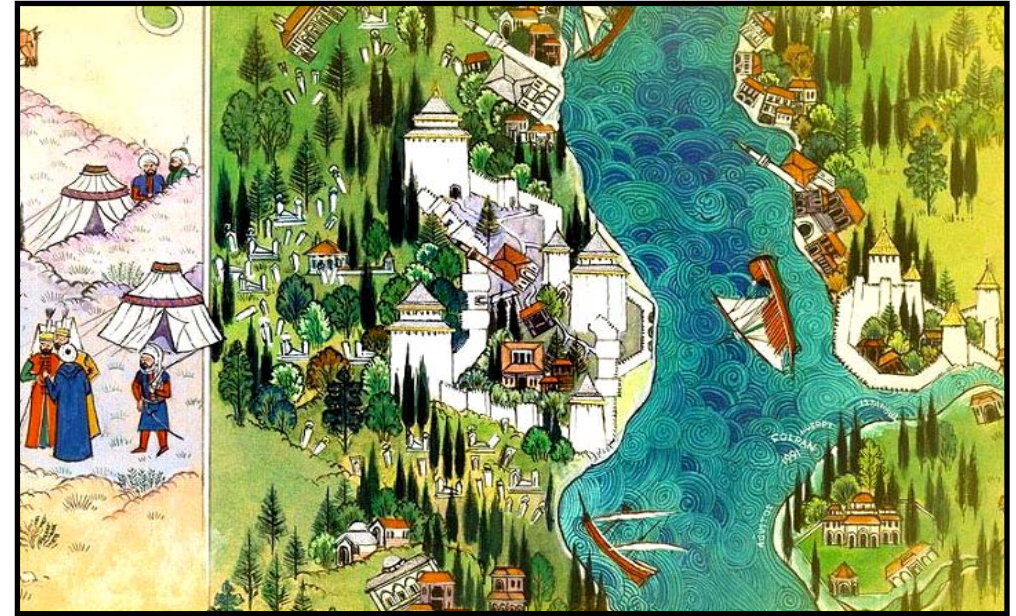

The one who is ignorant is like an animal. Knowledge saves people from animality. The world of Human-kind is distinguished from the world of animals by Knowledge. The honor of people derives from the honor of Knowledge. Our condition today: lots of schools, innumerable students, but not one learner. A man can be an architect but still not be a Man. A man can be a doctor but still not be a Man. He can be a judge but still not be a Man. Every woman is not a Lady. Every career does not carry Honor. Every hoja is not a Hoja. Not everyone who boards a ship is a captain. A uniform does not make a Pasha. Not everyone who rings a bell is a priest. Not every bear can dance. A drunkard cannot be a driver. A fox is very clever but that does not save him from being foxy. No man becomes anything by means of elections. Not everyone who boards a ship is a captain. A uniform does not make a Pasha. Not everyone who rings a bell is a priest.

Mihenk Taşı

21. yüzyıl insanları hem gafil hem ahmaktırlar. Niçin? Çünkü cahildirler ve hiç bir şey öğrenmek istemiyorlar. Yalnız öğrenmek istedikleri, azgınlıklarına yol veren şeytani fikirlerdir. Halbuki İSLAM Hak ile Bâtılı ayırt etmek için gelen mihenk taşı gibidir. Ve hiçbir fikir bu mihenk taşında ölçülmeden kabul edilmez. Bugün dünya hesaba gelmez şeytani fikirlerle dolmuş ve bunlar insanların önüne sürülmüştür. Bunların hepsi şerefli insanı, şerefsiz yapmak ve şeytani bir nesil üretmek içindir!

People in the 21st century are both heedless & foolish. Why? Because they are ignorant & they don't want to learn anything. The only things they want to learn are the devilish ideas that give free rein to their wildness. Islam, however, was sent to be a yardstick to distinguish between right and wrong. There's no idea that cannot be evaluated using this yardstick. Today the world is filled with innumerable devilish ideas, & they're displayed or exhibited in front of people in order to make the honorable men dishonorable & to produce a devilish generation.

Soru

LAİKİZ! Soru: Ne zaman LAİK olduk? Niçin MÜSLÜMANIZ bize dedirtmediler? LAİKLİK ne demektir? Bilenimiz var mıdır? Var ise, çıksın ve Laikliğin tarifini ve ne demek olduğunu bize anlatsın. Laiklik bir DİN veya İnanç mıdır? Yoksa Laiklik bir devlet ideolojisi midir?! Öyleyse, Laiklik ideolojisi hangi düşünce, veya inanç sistemine bağlıdır? Nereden gelmiş? Hangi tecrübe ve analizden geçmiştir? Laiklik Garptan

Laiklik ve Laik Düzen Üzerine

Laik rejimlerin çoğu şahısları daha sağ iken putlaştıran Putsal rejimlerdir. Bunu kuran çok açığız tilkiler kesinlikle ne Demokrasiyi ne Liberal bir rejimi kabul etmezler. Bunların yegâne – tek bir – hedefleri, insanların düşünme ve irade şurlarından tecrit edip –

soyup – düşünemeyen ve iradesini kullanamayan, yalnız ağa ve ustalara, midelerinden bağılı, yürekleri dağılı, ağızları bağılı, gözleri at gözlüklü bir sürü haline getirmek ve istedikleri yön ve talepte istismar edebilmektir. LAİK sistemde, insan ne Müslümandır ne Hristi-

– Batıdan – geldiğine göre, ya eski Yunan felsefesinden, veya Ateist bir düşüncenin ÜRÜNÜ olacağı araştırmacılar tarafından bilinebilir, veya hut pek âlâ bilinmiştir!

Laikliğin vatani Avrupa veya Fransa'dır.

1-Laiklik icat edildiği Avrupa'da, niçin uydurulmuştur?

2-Ve Laiklik Avrupa'da neyin yerine konulmuştur? Bilen varsa, cevap versinler.

Lâkin maalesef hakikatte bizde araştırmacı kalmamış! Daha doğrusu: yetiştirmemiş veya kastan yetiştirilmemiştir!

Niçin yetiştirilmediği, bugünkü çarkı dönmez, içinden çıkılmaz, uydurma sistemi kuranlardan sorulmalıdır.

Bu malum şahıslar bir gün tarih karşısında muhakeme edilip haklarında hak ettikleri cezayı bulacaklardır.

TARİH bu cihangir milleti oyuna getirip, rezil ve perişan edenleri, bir gün mahkûm edecektir!

A Question

We are secular! Question: When did we become secular? Why didn't they have us say, "We are Muslims"? Does anyone of us know what secularism means? If there is someone, let him come up and explain to us the definition of secularism and what is meant by the term? Is secularism a religion or a belief? Or is secularism a state ideology? If it is, then to what belief system or system of thought is it connected? From where did it come? From which experience or analysis was it produced? Since secularism

came from the West, it must have originated in ancient Greek philosophy or be a product of an Atheist viewpoint, either of which researchers should be able to discover. Very well, maybe they already have.

The homeland of secularism is Europe, especially France. The secularism that was born in Europe, why was it invented? What did secularism replace in Europe? If anyone knows, let him tell us. But unfortunately there is no researcher-for-truth left among us. Even more

accurately, not only were they not trained for this job but they were purposely trained not to do it. Why were they not trained? Ask the founders who made up a system that cannot be straightened out, a system with gears that no longer turn.

They are responsible. They will one day become known and be judged in the court of history and will receive the punishment they deserve. History will pass judgment on those who put our heroic nation to sleep and left it humiliated and wretched.

About Secularism & Secular Systems

The majority of secular regimes are regimes of idols. They idolize their own people while they are still alive. Their founders are the wily foxes that never, ever accept either a democratic or a liberal regime. Their only goal is to deprive the people of their thinking, their will, and their awareness. The ones who do

not think and never use their will are only connected to their bosses or their masters by their stomachs. Their hearts are sealed, their mouths are shut, horse blinders are on their eyes. They are reduced to the state of a herd and in this way they can use them as they want, the way they want. In a secular system man is neither Muslim

nor Christian. The founders of secularism accept neither Islam nor Christianity. They don't accept them because they don't serve their purposes. The only goal of the advocates and supporters of secularism is to be like a tick or a louse; to stick to their prey and, like a vampire, suck their blood and destroy them.
